When you arrive in Iseo, follow the "imbarcadero" (the port) sign and then follow the street bordering the lake until you'll see the Tourist Office on your right.

Turn right on the second street after the office (there is a photo shop called "Simonetti" at the corner), turn right again and almost immediately you'll see a house with arches on your left. That is number 2/a. Turn left at the end of the arcade (there is a book shop on the corner), in the small lane ending in a parking blocked by a bar.

Go to the door under the arches and ring the "Grazia Parolari" bell or call me on the mobile (+39.333.4896597), so that I'll come to open it.

**On Friday morning, Saturday afternoon and on Sundays**

Coming from Rovato or Sarnico, go straight following Iseo Centre sign and, arriving to a big roundabout, go straight following the **PROVAGLIO D'ISEO** sign.

At the crossroad, turn left towards **PILZONE –SULZANO**.

Once on the main road again, follow it: you'll pass a railway line and a traffic light. After it, you'll see, on your left, a furniture shop called **ARREDAMENTI TURRA**. Turn left there and turn right almost immediately in **VIA DELLA CERCA** (one way street). Follow it and, at its end, you'll arrive at a crossroad: take the street with the **LAGO** (lake) sign (it's **VIA CAVALLI**) and, shortly after, turn left: you'll be in **VIA DUOMO**. Follow it and at its end you'll see a house with arches on your left. That is number 2/a. Turn left at the end of the arcade (there is a book shop on the corner), in the small lane ending in a parking blocked by a bar.
